

PET NBC PROTECTION SYSTEM

PET NBC PROTECTION SYSTEM ADVANCED NBC PROTECTION FOR PETS

The Pet NBC Protection System utilizes a battery-powered blower to pump air through an NBC filter canister and into the protective wrap. The purified air fills the wrap creating positive pressure thus preventing entry of contaminated air. It has been designed in conjunction with veterinarians and tested for use with dogs, cats and other wildlife.

BENEFITS:

- Provides pet with NBC (nuclear, biological, chemical) protection.
- Positive pressure system provides excellent protection.
- Suitable for standard pet carriers or transport cages.
- Available in three sizes.
- Permits easy handling and care for your pet.
- Batteries are easily changed.
- Easily cleaned and maintained.

FEATURES:

- High-quality blower unit and filter.
- Blower unit provides 45 L (2 cubic feet) of filtered air per minute, at an overall resistance of up to 35mm water, and operates on 3 volts of power.
- Large system includes two blowers providing 90 liters (4 cubic feet) of filtered air per minute.
- Operates at full efficiency for 6-10 hours in contaminated environment.
- All components meet toughest military standards.
- Ten-year shelf life for materials, blower unit and lithium batteries.
- 2 NBC Filter Canisters.
- Instruction Manual.

TECHNICAL SPECIFICATIONS:

Part Number	M-40040-001	M-40041-001	M-40042-001
Sizes	Small (Up to 50 lbs or up to 25 kgm)	Medium (50 to 100 lbs or 25 to 45 kgm)	Large (>100 lbs or > 45 kgm)
For Standard Transport Cages	Dimensions: 19.6" W x 27.1" L x 18.9" H (0.50m W x 0.69m L x 0.48 H)		
NBC Protective Bag	Yes	Yes	Yes
Blower System w/Hose Assembly	1	1	1
Long Life Lithium Batteries	4	4	8
NBC Filter Canister	1	1	2
Instruction Manual	Yes	Yes	Yes
